

# POLICY & PRACTICE IN ACCELERATED EDUCATION

## Nov 12-15, Kampala, Uganda

# Welcome and Introductions

## I.I What is Accelerated Education?

Nina Weisenhorn

Martha Hewison

# OUT OF SCHOOL CHILDREN & YOUTH

## Primary

## Lower Secondary

## Upper Secondary

# Pathways for out of school students

**Bridging  
Program**

**Remedial  
Education  
n**

**Catch-  
Up  
Program**

**AE  
Program**

## **Accelerated Education**

A flexible, age-appropriate programme, run in an accelerated timeframe, which aims to provide access to education for disadvantaged, over-age, out-of-school children and youth. This may include those who missed out on, or had their education interrupted by, poverty, marginalisation, conflict and crisis.

# Results of Accelerated Education Programs

# Global Engagement

A solid orange vertical bar is positioned on the left side of the slide.

**Activity:** Who belongs where?

# Mohamud and Fatima

**Reheema**

# Charles

# Rose

# Angelo

A solid orange vertical bar is positioned on the left side of the slide.

# **Activity:** Types of Educational Opportunities

# Where do Education Programs Fit?

A solid orange vertical bar is positioned on the left side of the slide.

**Activity:** Jeopardy!

## I.3 Principle I - AEP is Flexible for Overage Learners

Nina Papadopoulos

## I.2: Panel - Models of AE

- ❑ Augustin Poudiougou, Mali
- ❑ Ibrahim Yahaya Fofana, Sierra Leone
- ❑ Assoumane Mahamadou, Niger

Moderator:  
Brenda Bell

# Target over-age, out-of-school learners.

AEPs are typically for children and youth aged approximately 10-18.

# Primary School Enrollment Liberia by Age (2016)

# Average Age of Primary Students in Liberia (2008 - 2016)

In collaboration with the Ministry of Education (MoE) or relevant education authority, define, communicate and regulate the age range for student enrolment in AEP.

Make AEP class  
time and location  
flexible as required  
by the community,  
teacher, and above  
all,  
the specific needs  
of both male and  
female learners

Provide age-appropriate, introductory-level courses for learners who have never been to school in order to improve readiness skills.

# Five Dimensions of 'Out of School'

**Dimension 1:** Pre-primary age children out-of-school

**Dimension 2:** Primary age children out-of-school

**Dimension 3:** Lower secondary age children out-of-school

**Dimension 4:** Primary students at risk

**Dimension 5:** Lower secondary students at risk

Children who are out of school

Children who are in school but at risk of dropping out: 2 dimensions

# **Activity: At your table discuss**

- 1. What is the targeting strategy in your country?**
- 2. How do you enforce this strategy?**
- 3. What steps you take to ensure age appropriate introductory courses?**

# Country Group Activity

Identify key characteristics of the out-of-school children and youth in their location, the context.

Pay particular attention to:

- Situations of displacement and cross-border migration
- The current education system
- they will determine if/why an AEP is the appropriate response.

## I.4 Principle 2 - Part I

### **Accelerated Learning Pedagogy**

Kayla Boisvert

Brenda Bell

**Principle 2: Curriculum, Materials,  
and Pedagogy are Genuinely  
Accelerated, AE-suitable and use  
Relevant Language of Instruction**

# WHO IS THE AE LEARNER?

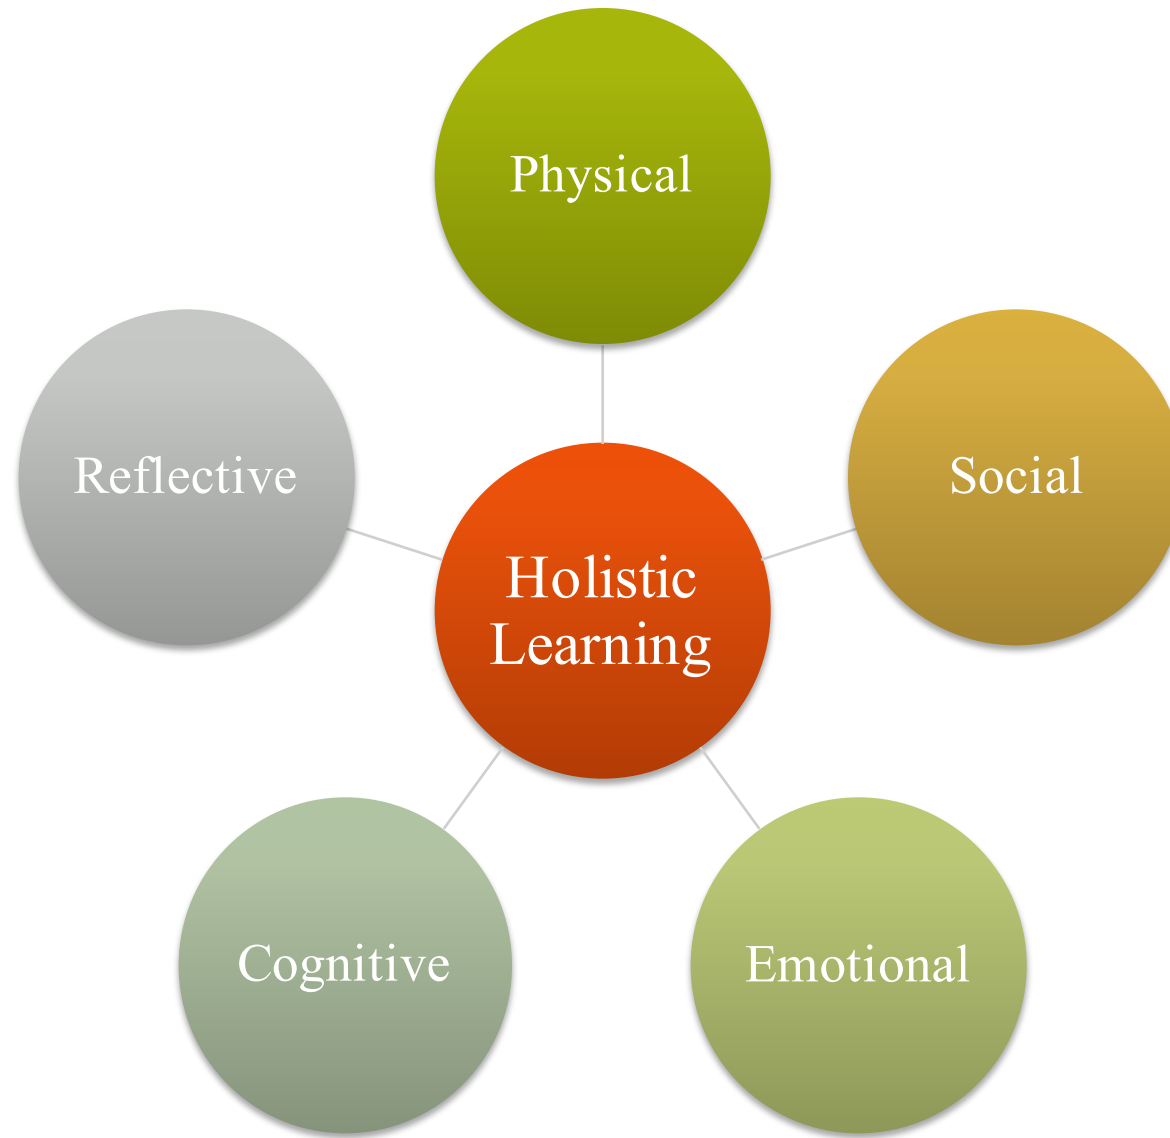

# ACCELERATED EDUCATION, OR ACCELERATED LEARNING?

*“The mind is not a vessel to be filled but a fire to be ignited.”*

*-- Plutarch*

# ACCELERATED LEARNING IS BASED ON HOLISTIC INSTRUCTION

Charlick, J. (2005). *Accelerating Learning for Children in Developing Countries: Joining Research and Practice*.

# SCHOOLS AND CLASSROOMS ARE CONDUCIVE TO ACCELERATED LEARNING

- Safe, welcoming space
- Full of visuals and real-life objects
- Facilitates individual, small-group, and large-group work
- Pupil:Teacher ratio is 40:1 or fewer

Charlick, J. (2005). *Accelerating Learning for Children in Developing Countries: Joining Research and Practice*.

Photo credit: Geneva Global

# TEACHING IS LEARNER-CENTERED

- Addresses physical, social, emotional needs
- Creates opportunities for experiential learning
- Relevant to students' experiences
- Age-appropriate

Charlick, J. (2005). *Accelerating Learning for Children in Developing Countries: Joining Research and Practice*.

Photo credit: Geneva Global

# LEARNING IS ACTIVE, PROBLEM- AND PROJECT-BASED

Learning is adventure, with challenges.

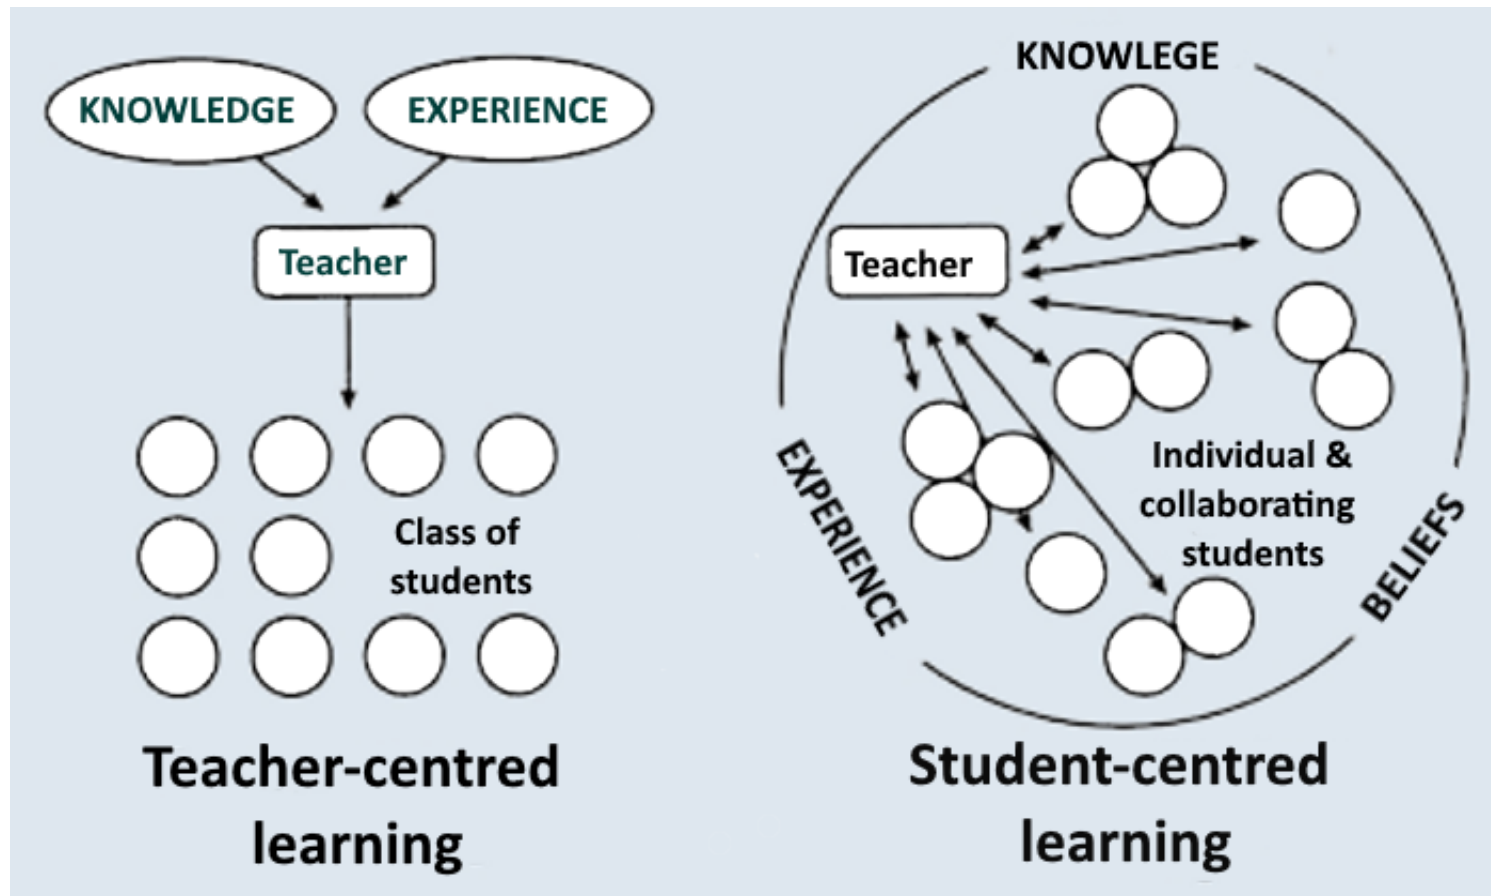

# TEACHING ACKNOWLEDGES MULTIPLE INTELLIGENCES AND DIFFERENT LEARNING STYLES

Charlick, J. (2005). *Accelerating Learning for Children in Developing Countries: Joining Research and Practice*.

# LEARNING IS COLLABORATIVE AND INVOLVES PEER-TO-PEER WORK IN ADDITION TO PRESENTATION

# TEACHING USES TECHNOLOGY TO SUPPLEMENT AND ENHANCE INSTRUCTION

Charlick, J. (2005). *Accelerating Learning for Children in Developing Countries: Joining Research and Practice*.

# ACCELERATED LEARNING IN PRACTICE

## OPEN SPACE: IMPLICATIONS OF ACCELERATED LEARNING

**Goal:** Give  
*concrete examples  
of the implications  
of Accelerated  
Learning at each of  
the following  
levels;  
one level per group*

## SUMMARY: PEDAGOGICAL FOUNDATIONS OF AL

- Accelerated Learning is based on holistic instruction
- Schools and classrooms are conducive to Accelerated Learning
- Teaching is learner-centered
- Learning is active, problem- and project-based
- Teaching acknowledges multiple intelligences and different learning styles
- Learning is collaborative and involves peer-to-peer work in addition to presentation
- Teaching uses technology to supplement and enhance instruction

## I.5 Country Team Daily Check-in

Tracy Cordner

## FINAL PRESENTATIONS

- At the end of this training you will give a presentation on the AE plan for your country.
- Every day you will have time to work with your country team to examine which of the principles you will focus on and why.
- You will use the 10 Principles checklist as your guide.
- Today:
  - Fill out checklist for Principles 1 and 2
  - Share notes with your country team members and start to make a plan for your presentation.
